[9] 1995 - 2005: Qualification 60 arrows, Round of 32 and Round of 16 = 18 arrows, quarter final, semifinal and final = 12 arrows; distance always 18 m; Ties were broken by max. three single arrow shoot offs. If the third arrow was still a tie, the arrow won which was closest to the center.
[10] Runners-up CROWE Thomas USA disqualified (Doping)
[11] 2007 - 2009: all knockout rounds = 12 arrows; All other regulations were continued.
[12] 2012 -2014: In the knockout rounds every archer shoots sets of three arrows ("ends"). The winner of a set gets 2 points, the loser 0 points (in case of a tie 1 point each). The match is over if an archer achieves at least 6 points. If the archers have 5 ends points each a single-arrow-shootout decides on the 6th ends point.
[13] Since 2016: all knockout rounds = 15 arrows; Ties are broken by a single arrow shoot off. If there is still a tie in points, the arrow wins which is closest to the center.
